Cook's Practical Guide To Algeria And Tunisia: With Maps, Plans, And Illustrations (Classic Reprint)

Synopsis

Excerpt from Cook's Practical Guide to Algeria and Tunisia: With Maps, Plans, and Illustrations Among the several countries that attract the traveller desirous of exchanging the rigours of our English winter for sunshine and health, Algeria and Tunisia easily occupy the first rank. These countries comprising as they do so many favourable conditions of typical health-resorts, and containing so many varied attractions, are year by year frequented by an ever increasing number of visitors and tourists. The climate of Algeria and Tunisia is unique, and eminently adapted to the comfort of those who, whether from necessity or choice, winter abroad; in addition the picturesque aspect of Arab life, of the white cities with their narrow streets; the historical souvenirs of these lands that from time to time have been subject to the Kings of Numidia, to the Roman Emperors, to Arab, Spanish, and Turkish conquerors, afford the learned and enquiring traveller an opportunity to study past civilisations, while the ordinary tourist will experience the enjoyment of a picturesque and beautiful country. The numerous hotels afford comfortable residence under excellent sanitary conditions; the access to these charming health resorts is easy; and the cost of the voyage to Algiers or Tunis is less than to the Canaries or Madeira, the distance being so much shorter.
