## Customer Reviews

AMAZING BOOK! Easily and correctly explains everything to you. I mean EVERYTHING. This is a must purchase if your in ANY type of dental school or class. I don't know how I'd pass anything with out this book. 1000% worth the money.

Purchased this for my online Dental assisting course. Much easier purchase books here than to purchase them at ridiculous priced for college.

It is a great book. Easy to read and contains most information that I need. Although it is a little pricey, it worth the money!

Even though it was written inside the book itself is easy to learn, very direct and to the point!! I recommend it for sure.

The book is in good condition. Some writing in pencil which I didn't mind! It served its purpose, I passed the class.

The book I rent has its cover torn. But still, it has good content and easy to understand.

Girlfriend passed her cert using this book

Just what I needed! Thank you!
